Gentlemen,

Sub: Compliance of the CBIC Circular No. 06/2002 dated 23.01.2002 - M/reg.

Attention of all exporters, Customs House Brokers and other stakeholders is drawn to Circular No. 06/2002 dated 23.01.2002 through which the Examination Norms for export of goods at the port of exports has been fixed. Para 2.3 of the said circular stipulates that

It is to be ensured that exporters do not split up consignments so as to fall within the lower examination norms. Therefore, wherever on the same day the same exporter attempts to export a consignment (other than free shipping bills) involving export incentive of Rs.1 lakh or less (Drawback/DEPB) or in other cases having the FOB value upto Rs.5 lakh to the same country, the system would alert the examining officer that this is second shipment of the same exporter. The examining officer can then decide whether to subject the second consignment for examination or not. In case the buyer in both or more consignments happens to be the same person, subsequent consignments should be examined.

All the exporters, Customs House Brokers and other stakeholders are hereby requested to strictly comply with the above-mentioned para of Circular No. 06/2002 dated 23.01.2002 failing which penal action might be taken against them

24/07/2020

(Abhishek Kumar)
Deputy Commissioner
ICD, KHODIYAR
